

# Roof Cleaning Risk Assessment

## General Information

**Company Name** Aqua Glaze Exterior Cleaning  
**Assessment Date** 16 / 03 / 2025  
**Reviewed By** Liam Walker  
**Location** Various residential and commercial properties in Telford and surrounding areas

Hazard	Potential Risks	Control Measures
<b>Working at Height</b>	Falls from scaffold or roof, injuries, fatalities	Use secured scaffolding and harnesses. Ensure proper setup before starting.
<b>Structural Weakness</b>	Roof collapse or damage	Inspect roof structure before working. Avoid weak or damaged areas.
<b>Slippery Surfaces</b>	Risk of falling on wet or mossy surfaces	Use non-slip footwear. Remove moss carefully before walking on surfaces.
<b>Falling Debris</b>	Injury to workers, pedestrians, or property	Use warning signs below work area. Secure loose debris properly.
<b>Chemical Exposure</b>	Skin and respiratory irritation from cleaning agents	Wear gloves and masks. Apply chemicals safely following COSHH guidelines.

## Review & Updates

- This risk assessment should be reviewed annually or after any incident occurs.
- Any new hazards or risks will be updated with additional control measures.
- Staff must be trained on updated safety procedures and risk control policies.
